

Academic institutions and local authorities
of the People's Republic of China

08.06.2011 nr 1-17/40

To whom it may concern

Hereby I confirm that **Gao JingYi**, the researcher of the Institute of the Estonian Language, Tallinn, Estonia, is collecting linguistic data (colour names) only for scientific purpose under the research project "Basic Colour Terms in Chinese Languages".

On behalf of the Institute of the Estonian Language I request relevant academic institutions and local authorities to allow Gao JingYi to conduct his research freely and afford assistance in case of need.

Yours sincerely

A handwritten signature in black ink, appearing to read 'U. Sutrop', with a stylized flourish at the end.

Urmas Sutrop

Professor, Director
